PROFESSIONAL EXPERIENCE

Freelance Full-Stack Developer | AS Design LB (self-employed), Lebanon / Remote — 2023 – Present

- Delivered websites and online stores for 7 clients across four sectors, from requirements to deployment.
- Built bilingual Arabic and English sites, including a multi-vendor marketplace with cash-on-delivery.
- Built an AI project builder (Next.js, Supabase, n8n) that turns a voice brief into a price and PDF proposal.

IT and Microsoft Office Instructor | LOST, Makani Project — 2025

Online Programming Instructor | Ishraqat Al-Uqoul Academy — 2023 – 2024

- Taught Python, C++, HTML, CSS, object-oriented programming and data structures.

KEY PROJECTS

POS 2026 – Point of sale for cafés, restaurants and shops | *JavaScript* — GitHub · Live demo

- Built the full app on my own: register, table floor, kitchen and customer screens and sales reports, in Arabic and English, with prices in USD and LBP.
- Kept the register selling without internet by saving all data in the browser, and added PIN logins with separate Owner, Manager and Cashier access.

AS NEXUS 2 – ERP prototype for wholesale distribution | *JavaScript*, *Node.js* — GitHub · Live demo

- Built sales, stock, invoicing, returns and purchasing modules that run fully in the browser, in Arabic and English.
- Allocated stock by nearest expiry date across two warehouses while skipping expired lots, and covered the stock and accounting logic with 22 automated tests.

ClinicOS Pro – Clinic mobile app | *React Native*, *TypeScript* — GitHub · Live demo

- Bilingual patient booking app with a workspace for clinic reception and managers.

Client Websites — Full portfolio

- The Source Original · Mountna · Siba Beauty · Casa Chic Furniture · Fabra Golb · Wassim Zeitouni · High Health Clinic
